

Dear Potential Partner,

Thank you for considering Senior Life as your career company. I have been in the final expense business for over 30 years now, and I can tell you from experience just how wonderful of a business the final expense industry is.

Senior Life is different than any other final expense company in the industry.

- We greatly value family; in fact, we pride ourselves in operating as a family. When you become an agent with us, your families are our company, and you become our partner.
- When is the last time you spoke with the President and CEO of the company you worked for? At Senior Life, you can call me anytime.
- One of the things that makes us different is that I lead the direction of Senior Life, and I am an insurance agent just like yourself.
- Every one of our home office employees, including all Senior Life leaders, are insurance agents, which helps us better understand your needs and better serve you. We pride ourself in this because we are one of you, and we are your true partner.

When it comes to your opportunity, we have the best total package in the final expense industry. No company can compare to our total platform. When it comes to our *Leads the Way* app, our *Slice* app, our *Scout* app, our health insurance for our partners, our lifetime renewals and having the highest commission in the industry, no other company can compare.

Become our partner, and we will do everything in our power to help you reach whatever level of success you desire. It all starts and ends with you. Your desire is the secret.

If you truly are wanting to build a business of your own then we are the right company with the right platform. Here at Senior Life, you will get paid exactly what you are worth, and no one can hold you back.

We look forward to partnering with you.

Sincerely,

Ron Powell
CEO and President

How Do I Get Paid

1. FIRST YEAR COMMISSIONS

Senior Life agents are paid daily, on a first year commission percentage based on the premium of each application submitted. First year commission percentages increase based on production.

2. PAY-THRU

Pay-Thru compensation is the amount of your first-year commissions that are not advanced to you and are paid out net of any chargebacks.

3. RENEWALS

Renewals begin when the policy reaches 13 months old. You are paid every month thereafter on that policy provided you meet the published persistency requirement included in your contract.

4. OVERRIDES

Overrides are first year compensation off the new business your agents write. As soon as you start recruiting and building your agency, override compensation begins and is paid daily based on your agents writing new business.

5. OVERRIDE PAY-THRU

Your override pay thru is the amount of commissions that are owed to you based off of your teams production level that are paid to you once the advance has been paid off and continue until the 12th month when the first year commissions have all been paid.

6. OVERRIDE RENEWALS

Renewal override commissions are the renewal commissions you earn off the business your team issues.

7. AGENCY VALUE

Every policy you sell and every agent you recruit builds value for your agency. This value continues to increase the more your agency grows, and with this book of business you have the option to sell your agency and be compensated for the value you created.

8. STOCK OWNERSHIP

Stock ownership is a long term financial reward based off total company results and is a tremendous benefit to our agents.
